Re: Long Pond Dam #023.01 in Benton  
Letter of Deficiency (LOD) Dam #023.01  
Issued on March 5, 2003

Dear Mr. Sylvester:

Based on a file review and a follow-up inspection conducted on June 12, 2003 of the above referenced dam, the Department of Environmental Services (DES) has determined that the referenced LOD is considered complete and will be closed. Enclosed is a copy for your reference.

DES would like to note that items 2 and 3 were not fully addressed, however, because these items are not currently affecting the dam's integrity, DES is requesting that you address the remaining items by the next schedule inspection, which will take place in 2008. It is important that these items be addressed as they are protective measures, which become important if the dam were to have piping issues or were to overtop. DES would appreciate it if you could advise our office when you have completed items 2 and 3.

If you have any questions or comments, please contact me at 603-271-3406 or write to the Water Division at the address listed above.

Sincerely,

**COPY**  
*Amy C. Clark*
